West High School is committed to all students graduating on time with concrete postsecondary plans for which they are fully prepared. We do this by creating strong adult and student relationships, integrated curriculum and restorative practices, and high expectations for all students.

School Principal: Karen Boran

Equity Vision

One West: Achieving high levels of engagement and learning for every student, every day. We will accomplish this in a deliberate three-year plan that includes relationship building, increased rigor and relevance in the classroom, common norms and expectations throughout the school, and employment of restorative practices to build and maintain relationships.

Strengths

West High School's key strengths are in the commitment of our faculty and staff to providing a rich array of courses and extracurricular activities that allow each student to find their niche. Our strong overall student achievement is the platform upon which we will build as we strive to provide access to quality postsecondary options for all students.

Progress

West High School's overall graduation rate remained strong and improved for African American students (increase of 9 percentage points). West met its goal for increasing the number of African American students with a 3.0 GPA at 11th grade. Students reported an increase in their perception of safety (exceeded goal by percentage point). Family engagement exceeded goal by 17 percentage points. We exceeded our overall college readiness reading proficiency attainment by 3 percentage points.

Area for Growth

West commits to ensuring that all 9th grade students are on-track to graduate in four years. We commit to using culturally and linguistically practice to improve adult and student relationships, increase coherence with respect to classroom norms and expectations, and to provide restorative supports where needed. While we exceeded our overall well-roundedness grade 12 participation rate in advanced coursework, we continue to struggle with our African American and Special Education enrollment in these courses. Our ASPIRE/ACT data shows that we are not serving all students equally, especially our African American and Special Education students.

Vision Connection

Our school supports MMSD's vision that all students acquire the skills and abilities needed to be successful, including a mastery of content areas, growth mindset, self-knowledge, creativity, wellness, interpersonal skills, confidence, cultural competence, and community connection. Through these skills and abilities, our students will graduate college, career, and community ready.

Strategic Framework Goal #1 Milestones: On-Track to Graduate

Each bar shows the percent of students meeting the relevant metric overall and for the focus group the school selected on their School Improvement Plan (SIP) when applicable.

Strategic Framework Goal #2 Milestones: Challenging and Well-Rounded Education

Strategic Framework Goal #3 Milestones: Positive Climate

Each bar shows the percent of responses within each dimension that were positive overall. When no goal for the measure has been set "No Goal" will be displayed in the bar.
