

Complete Your Child's Returning Preference

Good afternoon West families!

This is a reminder that all families need to submit their preferences for returning to West for in-person instruction or remaining virtual. The survey closes tomorrow, Friday, March 19th at midnight. Here is a link to complete the survey for your child/children:

[Complete Your Child's Returning Preference.](#)

If you have already completed this survey, you should have received a confirmation email. Please note, if you did not receive a confirmation email, your survey was not submitted. You must complete all parts of the survey for it to be saved, including the three drop-down questions asking about internet access and technology use. We also ask that you review your confirmation, and ensure your preferences were accurately submitted. If you have any questions, or need help with this process, please contact your student's SLC office.

Thank you.
