

FIRST DAY

UPLOAD PHOTOS HERE

Hello Everyone!

Regardless of our virtual situation, there will be a yearbook this year. The virtual environment does change our ability to take photos for the pages, and we need your help. Photo challenges will be announced throughout the year asking all students to be photographers.

The first photo challenge we are going to launch for student participation is, VIRTUAL FIRST DAY! Ask someone in your home to take a photo of you for the first day of school at your computer or outside like going to kindergarten. Even consider recreating a first day photo from the past and share both with us. Be funny but school appropriate. We look forward to seeing your fun first day!

There are two ways to submit!

Download an App: Yearbook Snap

Search for Madison West High School
