

Academic & Career Planning at West

Greetings West Families!

Academic & Career Planning (ACP) activities help students connect what they are learning in school to their future goals. **First semester Future Planning activities will be integrated into our core academic classrooms during asynchronous Wednesdays.**

First quarter lessons have all been completed within the last few weeks. Ask your student about what they did for ACP!

- You can see the student schedule of ACP activities by grade level on our [Future Planning webpage](#). If your student missed a lesson, they can easily access it by visiting this webpage.
- 2nd quarter includes reflection and career exploration for freshmen, post-high school options for sophomores and college application overview for juniors.
- Seniors were sent a district-wide survey on Monday October 19th. [MMSD Formative Senior Survey - Oct 2020](#)

Each student will maintain an e-portfolio to hold evidence of their exploration, growth, and next steps. This portfolio is housed within [Xello](#), a post-secondary planning website filled with resources for career and college exploration and Method Test Prep.

To learn more about ACP at West, please visit our [website](#) and feel free to reach out to one of our West ACP coordinators with any questions or ideas.

ACP Coordinators:
