

## **Anti-Racism Discussion Student Survey**

Students,

Thank you for participating in the last couple school wide discussions around systemic racism and how we can confront it in our personal and group spaces.

As part of our goal to have deeper, more constructive discussions paired with action, [please complete this survey](#). There are five questions and should take less than 5 minutes. Please complete by Friday, November 6. That way, we can begin planning for our next discussion at the end of this month.

Thank you,

Mr. Michael Jones
